**Stony Meadow Publishing Announces Release of
*Inspiration for Songwriters***

Denver, Colorado, August 1, 2006 -- Help has arrived for songwriters searching for their songwriting muse with the release of ***Inspiration for Songwriters: Tips and Tricks to Unlocking the Muse***. The 175 page book has been released by Stony Meadow Publishing of Denver, Colorado.

Written by author Stan Swanson, the book should be an instant companion to songwriters who find themselves searching for inspiration when writing their next tune.

"I did my homework when I wrote this one," said Swanson. "I could find no other book quite like it."

The idea for the book came from Mr. Swanson's many years of songwriting experience. "I've always written down titles for songs as long as I can remember. It helps when I sit down to write to glance through a list of song titles or ideas to get that initial muse flowing. A few months ago I looked at the hundreds of song titles I had lying around and knew I would never use them all, so I decided to share them."

The book grew from there. Not only does ***Inspiration for Songwriters*** include 1001 original song titles, but hundreds of other song ideas and tips as well.

"I knew that I had to include more than just song titles for the book to be useful, so the first thing I added was 101 songwriting tips. Then along came other ideas that I knew I could include that might inspire songwriters."

Also included are lists of 101 songwriters that other songwriters should listen to for inspiration as well as 101 Albums/CDs that every songwriter should own.

For additional information on ***Inspiration for Songwriters: Tips and Tricks to Unlocking the Muse***, contact Stan Swanson or visit www.stonymeadowpublishing.com. Copies of the book are available for review in either paperback or electronic format.

Stony Meadow Publishing was established in 2005 and is located in Broomfield, Colorado.

Stan Swanson, author of ***Inspiration for Songwriters: Tips and Tricks to Unlocking the Muse***, has written two other books. Both *Dragontooth* and *The Misadventures of Hobart Hucklebuck* are primarily juvenile fiction titles. *Dragontooth* was previously published by AuthorHouse under the title *The Dragons of Shadara*. It is being re-published by Stony Meadow Publishing. Mr. Swanson is also currently working on two other non-fiction books.
